4. HIGH SCHOOL AQUATICS PROGRAM & POOL OPERATIONS

At the June 8 meeting of the School Board, Athletics & Activities Director Tim Thomsen presented three options to sustain high school aquatics programs. The Board directed the District to continue to explore two of the options, the first would include closing the pool and making arrangements for swim teams to practice at a pool in a neighboring community. The Board also requested that negotiations continue to identify a qualified partner to operate the pool under a lease agreement.

Tim Thomsen and Maintenance & Operations Director Mark Baumgarten will present information about the best option to accommodate high school aquatics programs and address the fiscal and mechanical challenges of continued pool operations.
