

Open house for revised boundaries set Feb. 23

A meeting to announce the proposed changes to several elementary schools in the Sumner School District is planned for 5:30 to 7:30 p.m. Feb. 23 at Maple Lawn Elementary School, 230 Wood Ave. in Sumner.

After a November open house, a parent advisory committee reviewed proposed revisions to school attendance boundaries and waiver options for students residing in Falling Water, Sky Island (and neighboring areas along state Route 410), Crater Road/198th, Cedar Ridge and Cascadia. The proposed changes are to the Crestwood, McAlder and Victor Falls elementary school attendance areas for the 2009-10 school year. Information will be presented at an upcoming open house on the revised boundaries, transportation and

waiver options for students. Information about the proposed boundary revisions and guaranteed waivers is available on the district Web site.
