In accordance with Sumner School Policy 3142 and Procedures 3141.2-P, if a request for non-resident attendance is denied, you have a right to a hearing with the Superintendent and/or his or her designee. You also have a right to request a hearing with the office of the Superintendent of Public Instruction, in accordance with WAC392-137 and RCW28A.225.

Non-resident students may be allowed to attend school in the district only if the anticipated needs of the district's resident students can first be met.

Applications for non-resident admission shall be submitted annually and reviewed based upon the following conditions.

1. A space in appropriate courses or programs at the non-resident school depends on availability. If excess enrollments make it necessary to move students within the district to adjust class size, it is possible that students who live outside the Sumner School District will be the first to be moved to another school.
2. Students who reside within the Sumner School District will be given priority for placement in special programs. In the event there is a waiting list for placement in such a program, students living outside the district will not be placed until all students who reside within the district have been placed.
3. It is important that students arrive at school at the designated starting time and attend school regularly. Excessive tardies and/or absences will result in discontinuance of this waiver.
4. Students must maintain passing grades in all classes at quarters, semesters and trimesters. Poor grades will result in the discontinuance of this waiver.
5. Students are required to obey all school and district rules and regulations. Repeated and/or serious discipline problems will result in the discontinuance of this waiver.
6. Non-resident placement is for a maximum of one school year only. Applicants must apply each year.

Athletic Eligibility: As per Washington Interscholastic Activities Association Rules, students are not eligible for varsity competition at the high school level unless a hardship exists and subsequent appeal is granted, or unless the student has attended a Sumner School District school for at least one year.

Transportation: Transportation for students residing outside the Sumner School District is the responsibility of the parent/guardian.

The Sumner School District reserves the right to revoke this transfer at any time through the school year if the student does not adhere to these conditions. If it becomes necessary to change placement of the student, this agreement shall become null and void.

I have read and understand the above conditions.
