

Sumner High School Rigor, Relevance, and Relationships

The "No Child Left Behind Act of 2001," requires public schools to provide student directory information to military recruiters. Student directory information must include the name(s), address(s), and home telephone number(s) of Sumner High School junior and senior students only. To be compliant with the law, all three items of information must be released.

Students and/or parents wishing **NOT** to have this information provided to the military can exercise their "opt-out" option. To exercise this option, parent(s)/guardian(s) must complete and return this form to the Sumner High School Main Office.

I choose to **not** have my student's information distributed to the military.
