

# Sumner School District

## Limited Bus Transportation 2011-12

Winter may bring weather conditions that require school schedule delays or closure. Even when road conditions in the valley appear passable, bad weather on the hill often causes hazardous driving conditions and impact the district's ability to operate buses safely. Expect buses to be late during severe weather. If buses cannot get up the hills on afternoon routes, students will be returned to their schools. Radio and television stations will be announcing schedule changes between 6 and 8 a.m. **If Sumner School District is not mentioned, normal operations will prevail.**

**EMERGENCY PLANS** Each family should have a plan covering what to do when children arrive home early due to an emergency or weather-related situation. Please develop a plan and practice it with your child. If you will not be home, instruct your child as to where he or she should go in the event of an early dismissal due to emergency conditions. *What is the best route home if your child cannot be delivered to the normal bus stop? Where could your child go if he or she needed help? Who would care for him or her until you arrive? Is there someone your child could call to calm any concerns he or she might have?*
